The time is short in which to put in a word for the ticket. If you haven't done it before do so now. No telling what one or two words might do for the success of the ticket.

Let no democrat lose his vote by staying away from the polls. It is your duty as a good citizen to vote. A man who takes such little interest in the affairs of his county as to not care whether he votes or not doesn't care much for his country and its welfare.

In D. Buchanan the people of this county have a man who is brainy, a safe and judicious counsellor, alive to the best interests of the people, fearless and incorruptible and he heads a ticket which is pure, clean and able. Vote for him and all the others.

We cannot urge it upon the democracy of this county too strongly to rally to the support of the county ticket.

It is the first time since the war that we have had an entire democratic ticket in the field for all the county offices and it almost means the death of the party in this county to suffer it to be defeated.

We must rally as one man to its support and see that every voter comes to the polls on the day of the election. Hunt out those who have not any way of going to the election grounds and furnish them conveyance. Stir up those who are indifferent and work for the party. Now is the one, particular time when the services of every democrat are needed. Again we say work.

Of course we don't expect to reach by reason and argument those members of the Executive Committee of Maury County who tabled the Padgett resolution on Monday last. It seems to us they have, with one or two exceptions, gone beyond the confines of reason and judgement. What is the logical outcome of the attitude in which by their action they place the democracy of their county. It is to destroy organization, to court defeat, in fact to pull down the work of years. The party cannot hope to regain the ground even now lost in years to come. We trust the sober second thought of the rank and file of the democracy of Maury will rally to the whole ticket notwithstanding the unfortunate predicament in which a few hot spurs have put them. In the name of democracy we appeal to all good democrats of Maury.

We have no objection to John Schade Jr's becoming the personal elector for the gentlemen who are running on the republican ticket for the county offices, but he ought not to bush whack. His circular letter to the German voters was an attempt at sneaking and wasn't honest and fair even in politics. It was printed in German—an appeal to the "German Catholic voters". Will he please explain why he rings in the word "Catholic"? Will he confess that he is trying to influence the votes of the German democrats of Lawrence? If he confesses the truth he will. He knew when he had that circular printed that nine out of every ten of our German citizens read and speak

English and would have understood it just about as well if it had been printed in English. The intent, the motive was to take advantage of those voters who could not read or speak German. But Mr. S. has done us a service. The appeal was lost. Our German citizens are democrats from principle and he nor any other man is not going to herd them and drive them.

As we have so often insisted in these columns the German is no fool. He understands himself and better probably politically than any other way and no man or set of men can drive or persuade him away from a party that has fought his battles from long before Mr. S. was born to this present hour. Mr. S. had better persuade some of them to join the A. P. A. rising as it does out of the ashes of old know nothingism. The republican party fosters the A. P. A. About three weeks ago the Nashville Republican said as between the A. P. A's the Democrats and Catholics it had no choice.

We have one citizen in this place who has done more for public schools than any other man, Mr. Augustine not excepted, and he has never mixed politics and religion and he is as good a Catholic as ever Mr. Jno. Schade was. We refer to Mr. Thos. Dunn, that's enough.

We have a democratic ticket, just one whole ticket, before you for the different County offices. If we fail to elect the nominees on that ticket it means that our party organization in this county is worth nothing. It means that to be the nominee of the democratic party in Lawrence county is not worth anything. We don't think you will allow any such thing to come to pass. We have a safe democrat majority if you will only stand by the ticket—Vote it from top to bottom. Get out all the voters and make the majorities as large as possible. Everybody must work and talk for the whole ticket from now until the polls close. Republicanism is working night and day to defeat us. If there is a name on the ticket you don't like, don't put the party in peril by scratching but remember you are voting for the success of the party and not for any particular man. Vote all the ticket.

S. L. Yarbrough, Ch.
W. T. Nixon Sec'y.

Any ballot so distinguished or found to be of less or greater dimensions than provided above cannot or will not be counted by the judges of election, but will be treated as invalid and thrown out.

Section 3. Any person giving, offering or imposing upon any elector exercising the elective franchise, any ballot other than is provided as aforesaid, shall be guilty of a misdemeanor and fined not less \$25 nor more than \$50, and imprisoned ninety days in the county jail or work-house.

CORRESPONDENCE.

Dear John.

In your circular we see you want all your countrymen to stand by you in the election and to vote the full republican ticket. Well, John, some of us were expecting to vote for some of your men but we will vote it straight now. We have got a head of our own and a little experience from past time what your party has done and will do. We think you ought to know better.

A few words in regard to Mr. Augustine. You mention if his countrymen had supported him as strong as your party he would have been elected. We don't think the republicans supported him like you let us or he would have been elected as we all know. You had better let Mr. A. alone he is all

right again.

TERSE, TART AND TIMELY

The \$8,000,000 which is estimated to have been lost by the railroads through the fool-strike is a big price to pay for Debs.

If Julius Caesar Burrows succeeds in breaking into the Senate he will make some of the loudest talking members of that body hide their voices for shame.

There are some fools in Congress, but none of them are believed to be idiotic enough to be willing to father that Knights of Labor resolution asking for the impeachment of Attorney General Olney.

President Cleveland's course during the strike troubles has drawn towards him the support and admiration of many who had previously condemned him for other acts.

It is cheaper to go to Europe this summer than it is to get an ordinary Sunday excursion "jag," but somehow there appears to be just as many of the latter as ever.

A Washington preacher says that not 1,000 of the 400,000 railroad men in the United States are regular attendants of churches. Surely that must be an exaggeration.

What's the matter with Gov. Hogg? He is reported to have said that Bostonians are just like Texans. If the Governor's judgment is good lots of opinions will have to be revised.

Suppose that in his efforts to get to Wall street the guileless Carl Browne should fall into the hands of the wicked green-goods men and get buncoed out of his earnings? Such catastrophe is too terrible to ever think about.

Somebody must be anticipating a boom in the circulation of southern newspapers. Projects for the building of forty paper mills in that section are stated to be under way.

The Lincoln and Grant boomlet made its appearance ahead of schedule time this year. Perhaps it was feared that a strike might stop it later on.

Investigation and arbitration are not synonymous terms, although some men seem to be under the impression that they are.

Perhaps somebody can persuade George Gold-bond Pullman and Eugene Gold-cure Debs to settle their business with bare knuckles, in a 24-foot ring. If so, Channcey Depew may be made to see the desirability of shortening his annual hobnobbing with European celebrities so as to return in time to referee the fight.

The danger having passed, the fools' tongues are wagging wildly and their pens and pencils doing double duty.

Senator Allen made a reputation by annihilating time in the silver debate at the extra session, but, like many other men, he found that whiskey could knock him out dead easy, although he says he never uses it as a beverage.

If the Vigilant belonged to any body else than the tricky Goulds, we should think the Britania the fastest boat.

According to Treasury experts, the result of the income tax will be that the revenue from private property will cover the cost of collection; and that the revenue from corporations may reach as high as \$9,000,000, but is more likely to be nearer \$12,000,000.

That gold and silver pen with incomes will be small, and with which President Cleveland signed the bill for the admission of Utah as a State should also be used by the democratic governor of Utah to sign the credentials to the two democratic Senators who will take their seats in the Fifty-fourth Congress, and no democrat who knows him would regret to see the present owner of that pen—Delegate Rawlins—one of those Senators.

Don Cameron's money seems to be attracting the republican clasp-holders; it is said that ex-boss Clark has turned his back on Tom Reed and is willing, under certain contingencies, to become a Cameron man.

To Catholic Voters.

I notice in this morning's Union John Schade's article to the "German Catholic voters of Lawrence county" which I think is a very bad move in the interest of Catholicism. I am a friend of John's and haven't one word to say against the candidates he asks you to vote for, they are perfect gentlemen, I know them. But let's view this gentlemen from my standpoint. I say that John's advice to you as Catholics is the worst that he could give you, he seeks in his article to do the very thing he and every other "True American" bitterly opposes, he uses his religion to get votes for his party's men. The most damnable thing we could do in my humble opinion would be to follow his advice and vote solidly as Catholics for any one candidate or set of candidates, such action as that would create prejudice against us. I don't write this as a Democrat or as a Republican but as a Catholic, I am a better Catholic than a politician and I am sorry to say I am not as good a Catholic as I should like to be, nevertheless I am honest in this matter. I say we cannot unite as Catholics and vote as one for any set of County officers. He tells you these men are our friends, I don't doubt that at all, it would wound me to know any one of them would refuse us a favor on account of our religion. I am not conceited enough to believe what I say would influence you, that isn't my intention at all, but I write this that you may have both sides of the case before you and not vote as Schade says but as your own conscience tells you. If it is for John's ticket, vote it, if for all or a part of the Democratic

nominees vote it, they to are perfect gentlemen, broad minded and honest.

Respectfully,
Jas. T. Dunn.
